- Certifications for ISO 9001:2015, AEO (Authorized Economic Operator) & GDP (Goods Distribution Practices).
- Started providing in-house customs brokerage services

2015-2017

Empower and Expand

- Ecommerce fulfilment solution
- Time Critical Solutions
- IT Enabled Services for Customers
- Brand New W/H Facility @ Chennai and Kolkata
- Reverse Logistics

Vision & Mission

6

VISION:

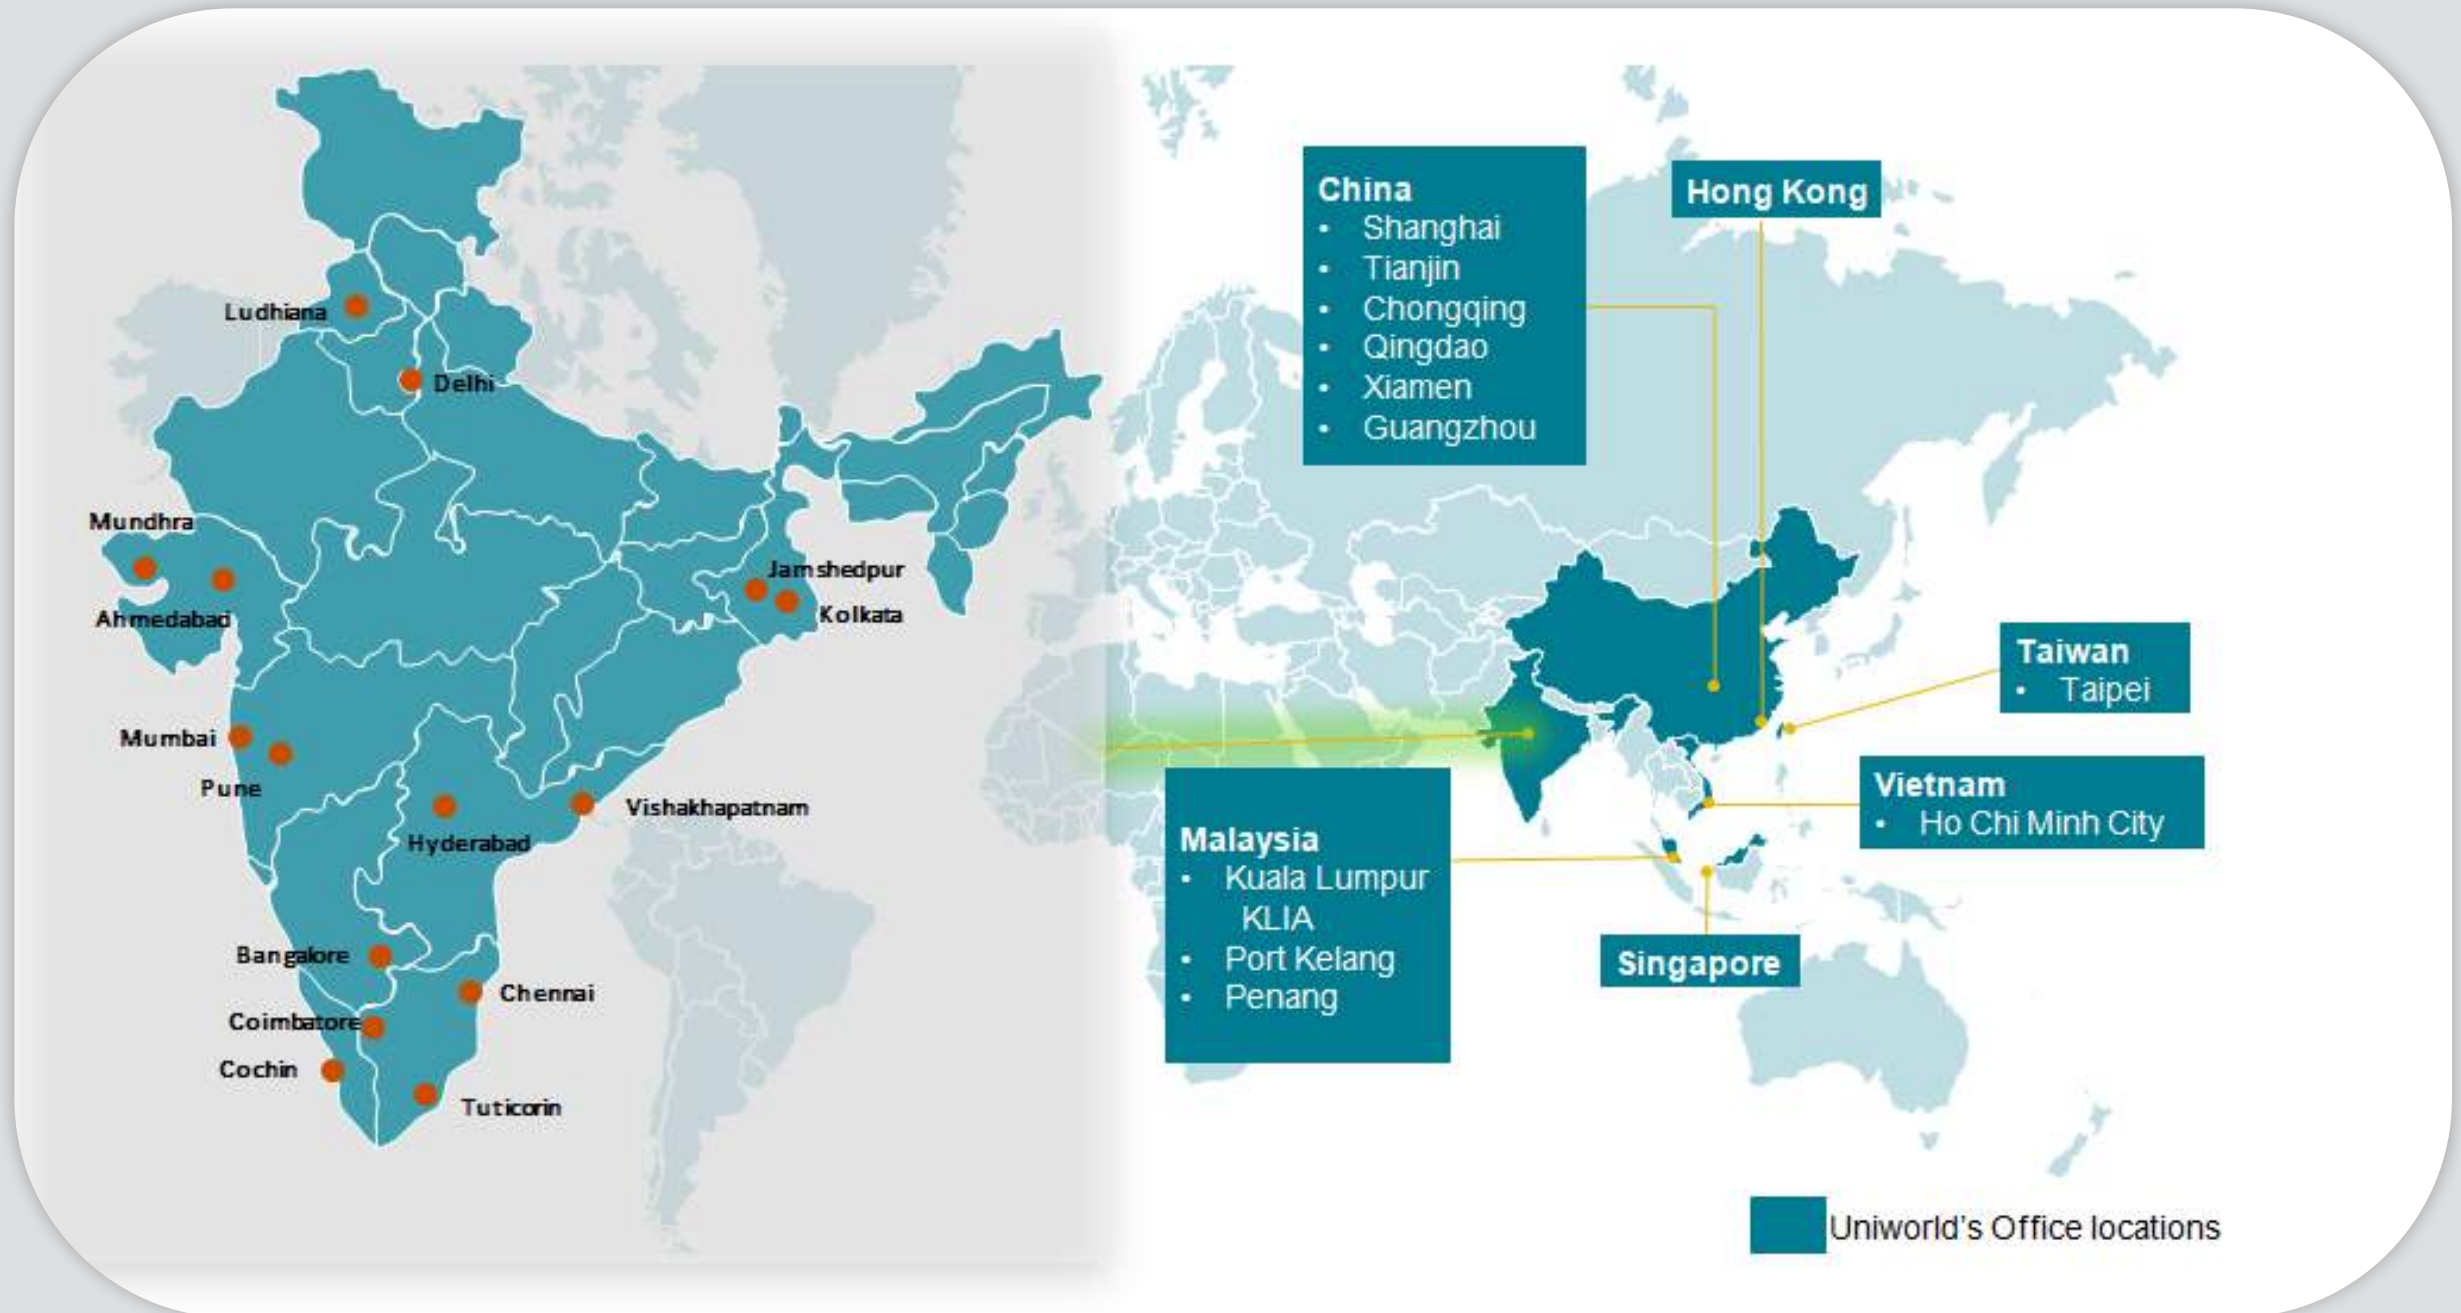

To be a market leader, providing unique solutions, committed to deliver by passion for excellence

MISSION: Perfecting Solutions

Perfection drives us. We at Uniworld Logistics believe in constantly raising the bar higher to provide unique customer value. We are a team with clear objectives to ensure customer-centric and customized logistics solutions are served with precision. We have re-engineered processes to achieve better results and meet, and often exceed comprehensive global logistics standards. We use our extensive capabilities and logistical expertise while you focus on your core business

Our Asia Presence

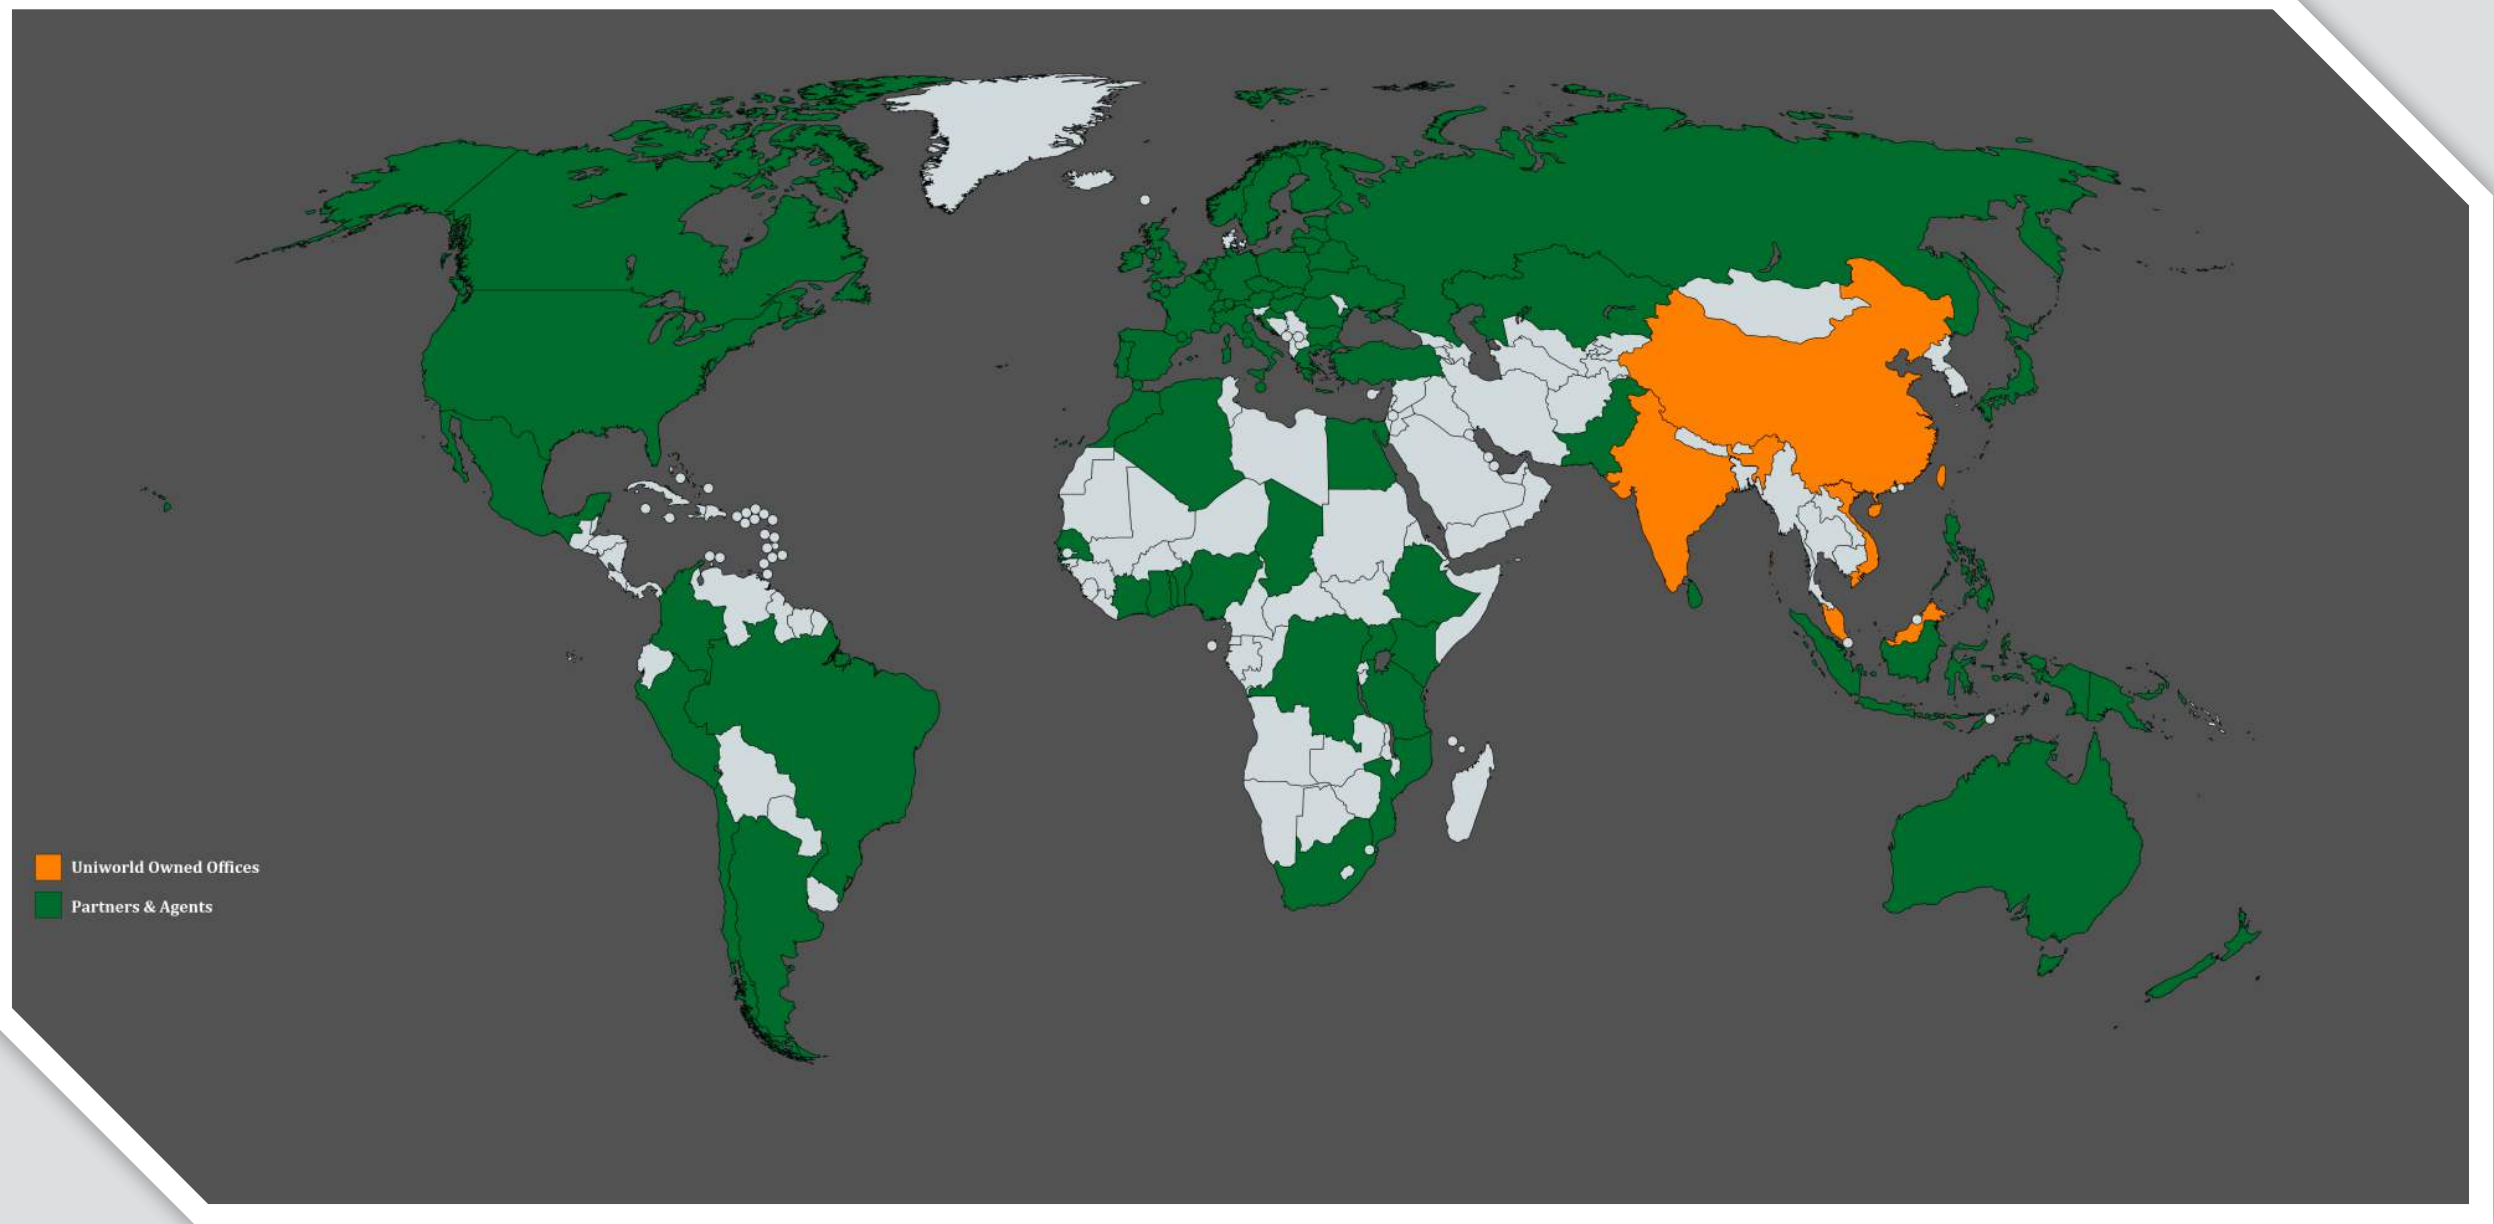

The Company has a wide network of 31 offices across Asia

Our Global Presence

7

Over 31 offices in 7 countries & serving over 500 business locations worldwide through our own offices, agents and network partners

Core Functional Areas

Freight forwarding

- **Sea Freight:** Handles Full Container Loads (FCL), Less than container Load (LCL) and Vessel Charters
- **Air Freight:** Provides Air Freight, Air Charter and Consolidation services
- **Control tower:** Helps customers in PO management and vendor management
- Handled ~20,000 TEUs of sea freight and ~10,000 tons of air freight p.a basis

Customs brokerage

- Minimizes the number of brokers involved and simplifies customs processing
- Enables online visibility to entry, delivery, tracking and billing details

Projects

- Manages complex project movement under stringent time requirements of the customer

Logistic Services

- Inbound logistics and outbound logistics
- Manages 5 warehouses covering more than 500,000 sq. ft.
- Helps in integrating and managing supply chain assets and provides supply chain visibility

Industry Verticals

- Automotive
- Fashion And Retail
- Engineering
- Pharmaceuticals

Specialization

- Reverse Logistics
- Time Critical Services
- E-Com Fulfillment
- Cold Chain
- Free Trade Zone

Freight Services

10

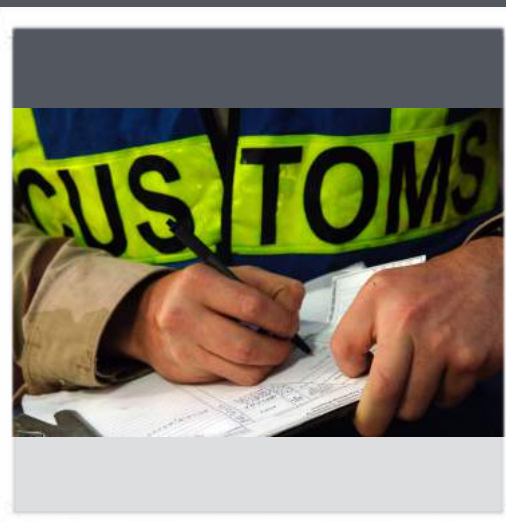

Sea Freight

Uniworld handles Full Container Loads (FCL), Less than Container Loads (LCL) and Vessel Charters. The Company handles ~20,000 TEUs of sea freight annually. Uniworld operates on major trade lanes such as China, USA and Hong Kong.

Demo machine handling
Proper Handling

Diagnostics
Maintenance of Cold Chain
Proper packing for distribution

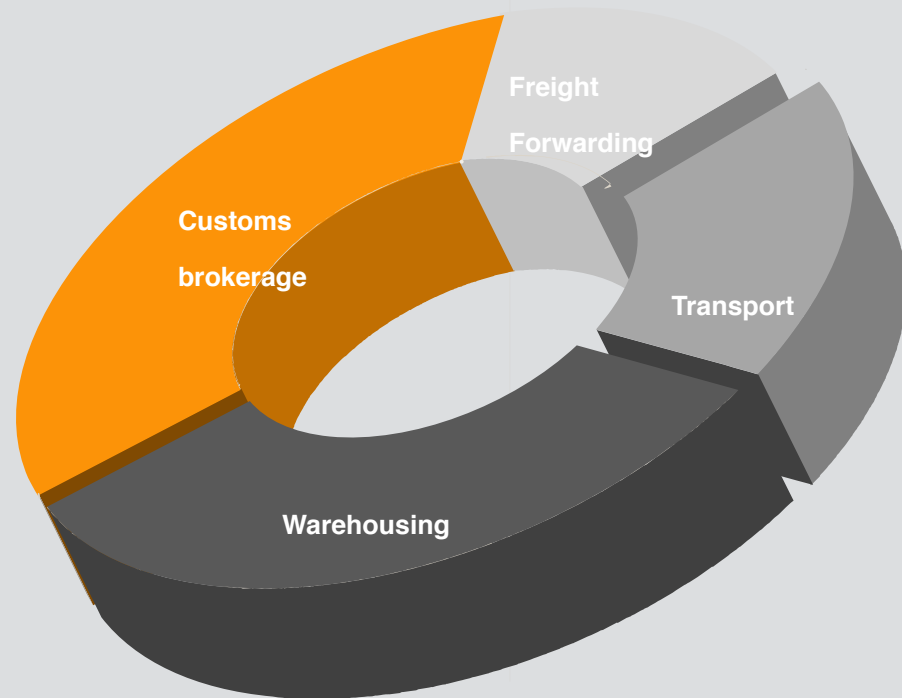

Health Kits
Kitting for Campaigns and war torn areas
Kitting for Natural calamity

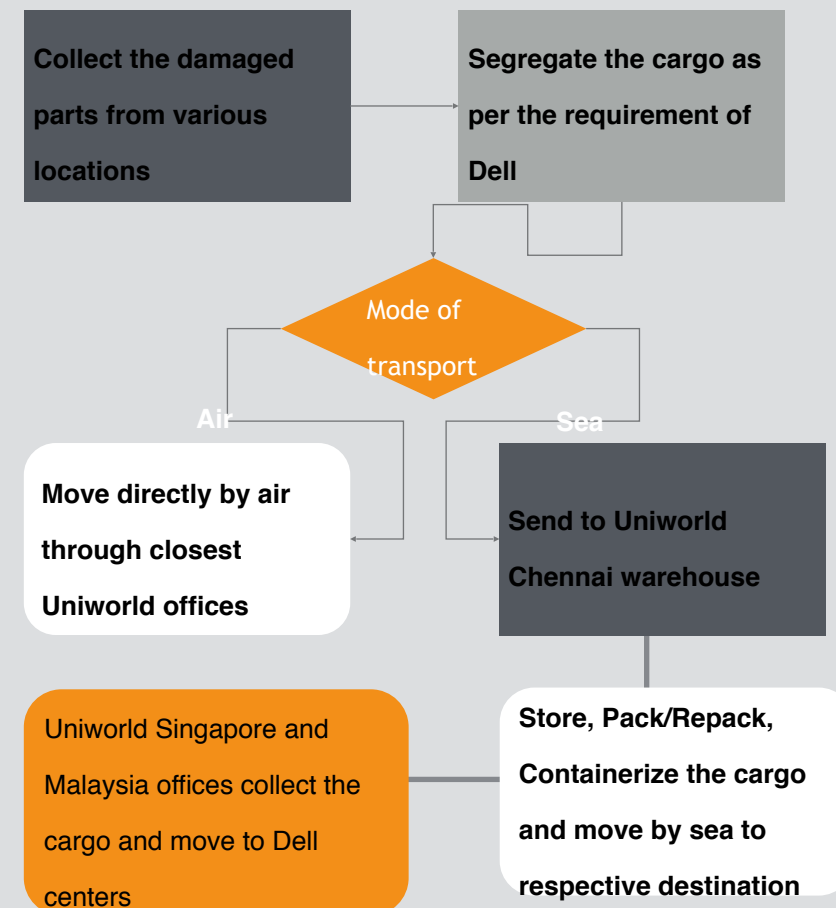

Reverse Logistics

21

- Given shorter product lifecycle, multi- channel distribution and the focus on energy use emissions a reverse logistics program that streamlines the retrieval, transport, inspection, sorting, disposal, recovery and recycling of customer returns can help manufacturers recoup revenue streams.

Uniworld provided end to end supply chain services including customs brokerage, warehousing and freight forwarding services to Dell

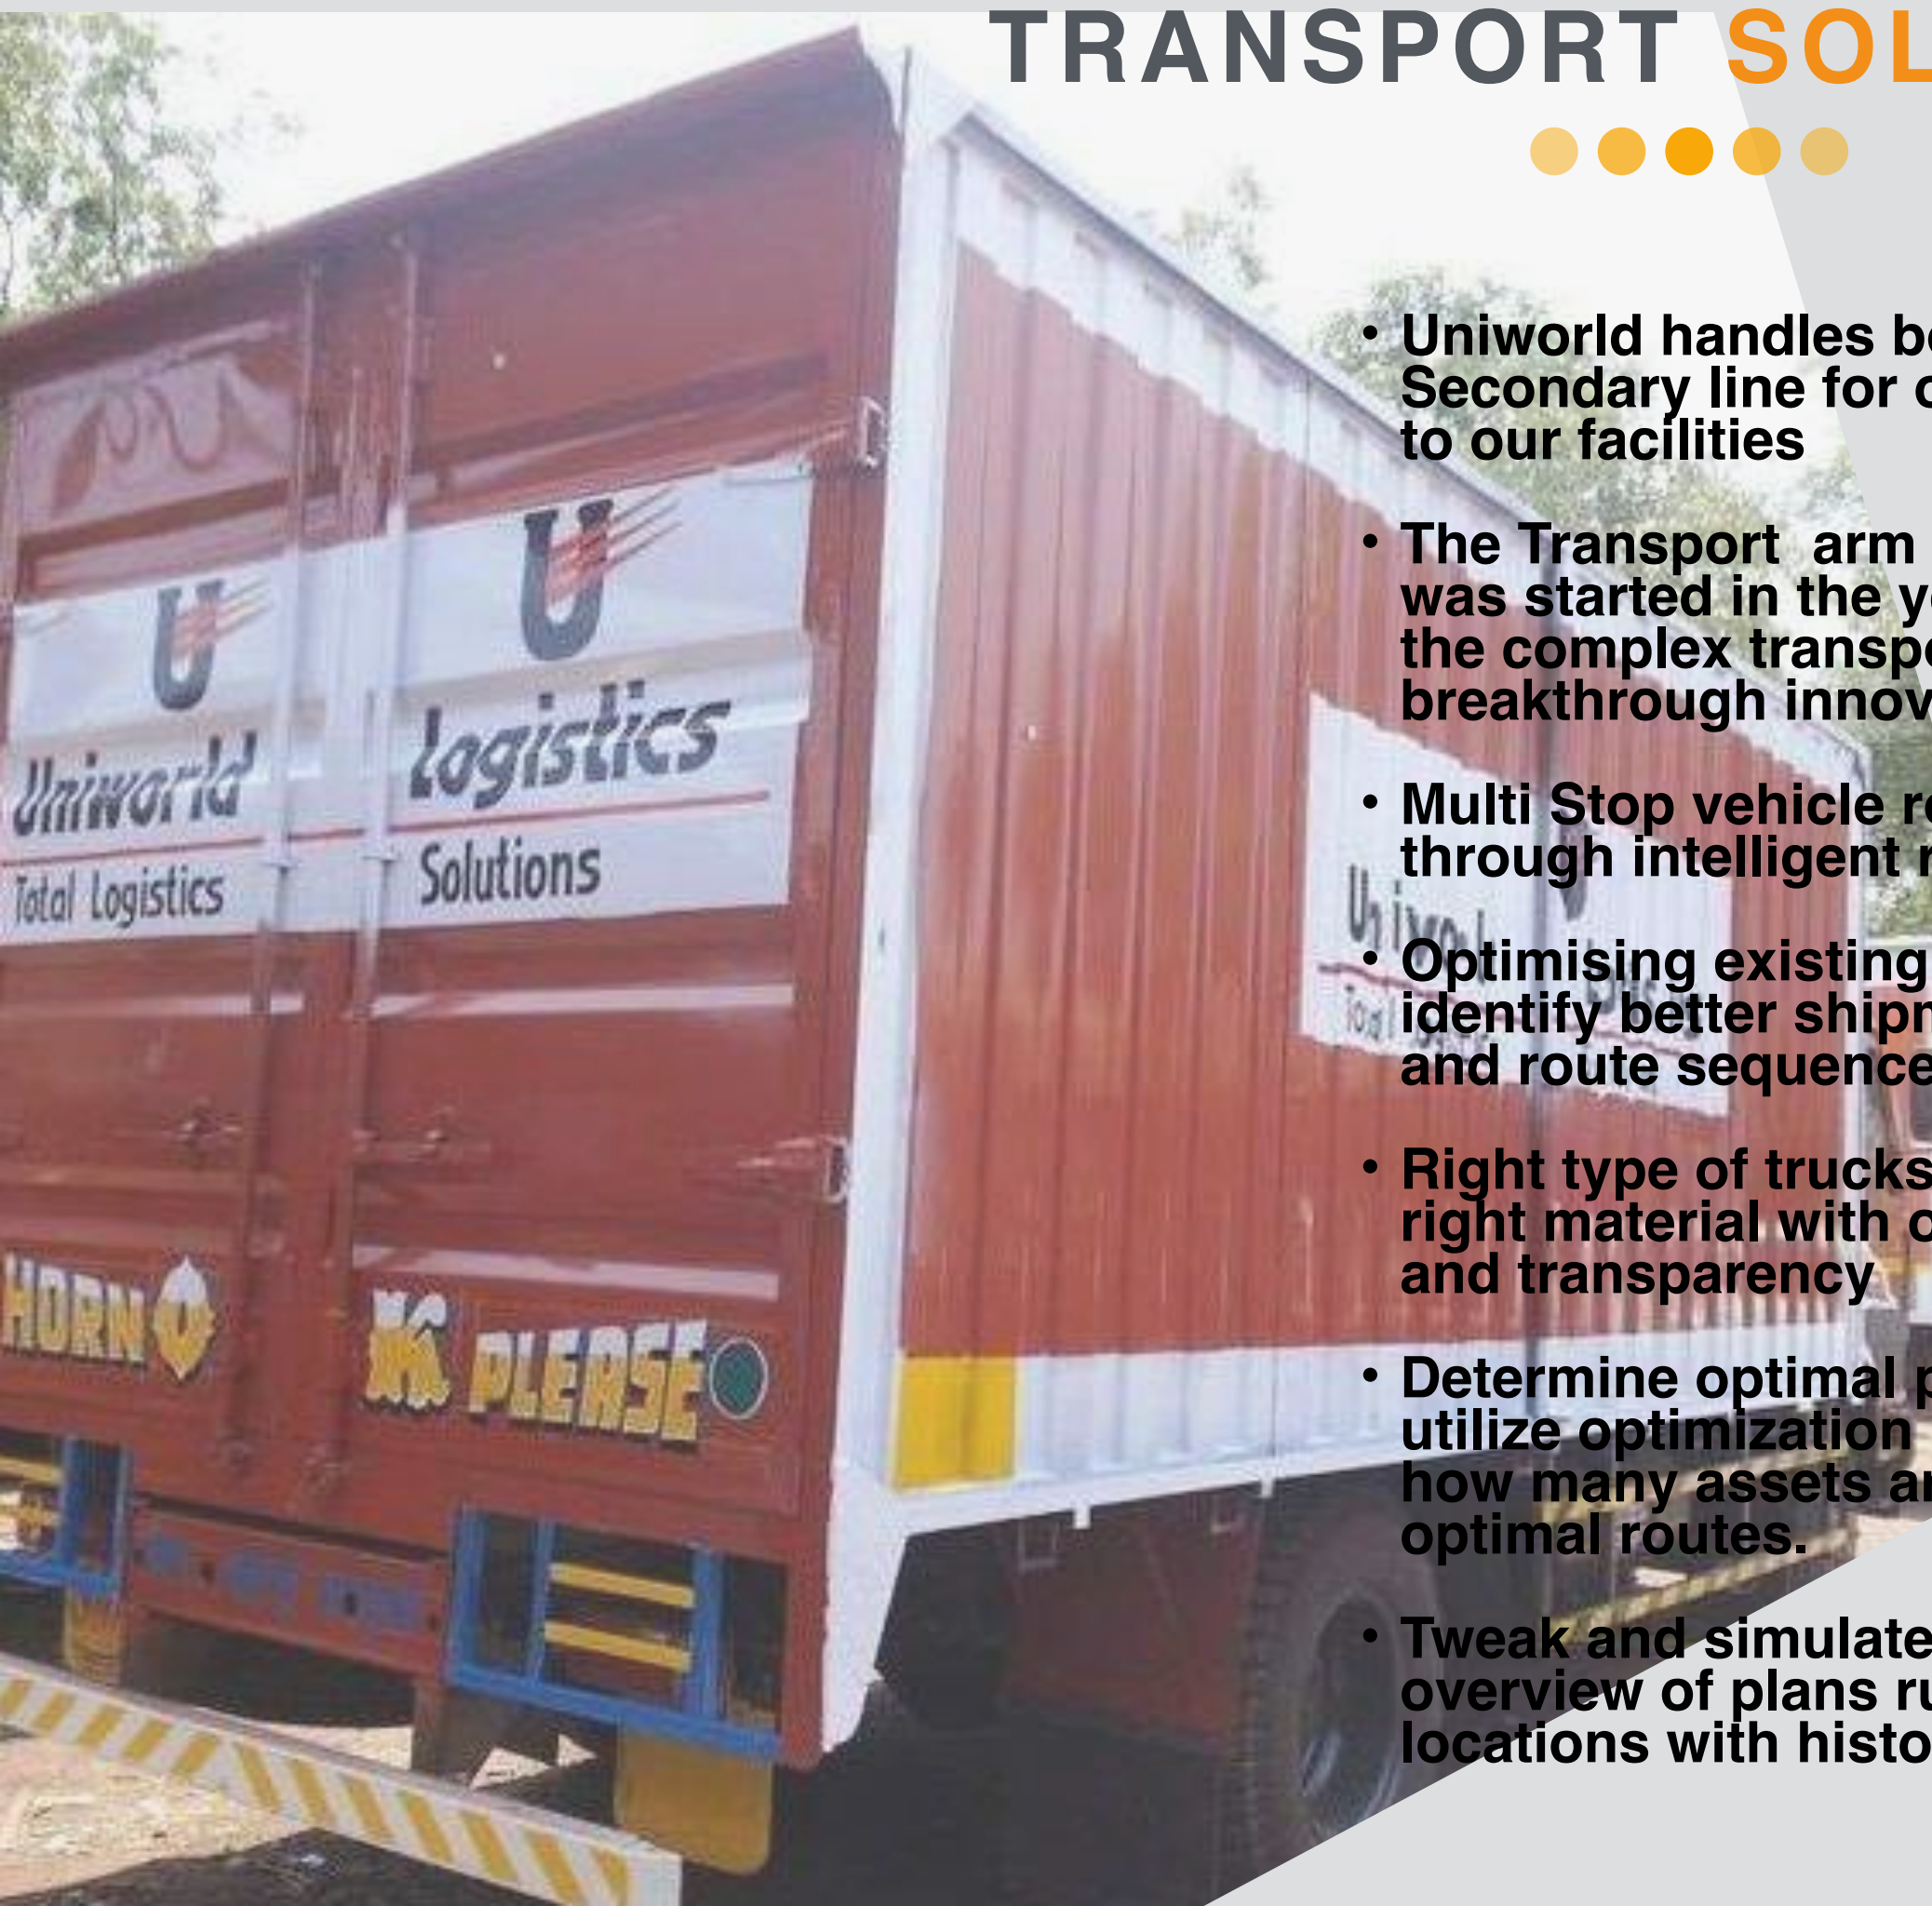

Time Critical : Customised Solutions

- On-Board Carrier and Hand Carriage
- Expedited 'End to End' Solutions
- Spare Part Logistics
- Temperature Controlled Services
- Aircrafts On Ground
- Healthcare Emergencies
- Hospitality
- Exhibitions and Event

- When faced with an unexpected event or in order to meet a recurrent requirement, you sometimes need to resort to urgent or one off shipments. In these unusual situations, it is essential to be able to work with a reliable and experienced logistics partner.
- We handle and manage all the door-to-door shipments you entrust to us.
- Ad hoc shipments: interruptions of the production line, hand-delivery of documents, urgent orders or deliveries, specific requirements such as POS displays or trade shows, accompanied baggage,
- Regular shipments: non-traditional distribution channels, specific needs such as transporting samples,

- Uniworld handles both Primary and Secondary line for our clients from and to our facilities
- The Transport arm of Uniworld Logistics was started in the year of 2012 to service the complex transportation needs with breakthrough innovation
- Multi Stop vehicle routes are planned through intelligent route planning
- Optimising existing baseline routes to identify better shipment consolidation and route sequences.
- Right type of trucks implemented for the right material with organised scheduling and transparency
- Determine optimal private fleet size and utilize optimization parameter to identify how many assets are needed to run optimal routes.
- Tweak and simulate various strategic overview of plans run across various locations with historic data in access.

E-Commerce Fulfilment Solutions

19

BRAND AFFILIATIONS

Providing Business Affiliations with India's Leading E-Com Portals such as Flipkart, Amazon, Paytm, Snap deal and Many More

INVENTORY INTEGRATION

- Maintaining an Integrated Inventory system across all the affiliated portals with the available inventory present in the shared user facility.
- Real time management of Inventory
- Alerts of top selling KU's when it falls below threshold limit

PRODUCT CATALOGUING

- Photo-Shoot of your products done through a dedicated team following the right e-com guidelines to create a more appealing visual to achieve a higher rate of sale.
- Content Writing of your products by Industry experts with the use of right keywords to optimize your product visibility in turn leading to greater revenue.

ORDER PROCESSING

- Orders are picked, packed and re-labelled
- Made ready to dispatch status in 24hr at the latest
- This is done for both a single item invoices as well as multiple items invoices

BUSINESS INTELLIGENCE

- We also provide you in-depth information of top sellers, bottom sellers, market gaps and big bets
- Replenishment plans and OTB's to increase your profitability and revenue by observing your products and STR's closely
- Fine tuning to enhance efficiency and giving you reports with specific data to help build your brand further

MANAGING RETURNS AND PAYMENTS

- We will manage your returns and minimize the returns by taking into account the reason for return of a product
- Follow up on payments from all the partnered retailers
- Follow up on debit and credit notes wherever required
- Sequential invoice creation for every order

Supply Chain Control Tower

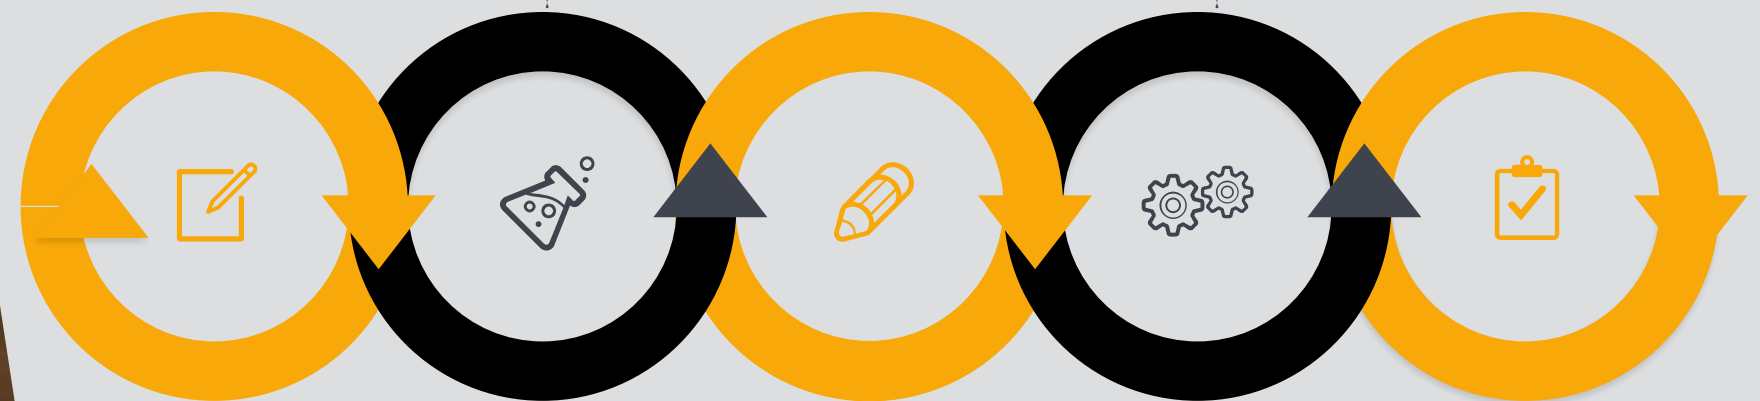

25

Analysis

Control Tower will consolidate the incoming data in real time
Key metrics identified by our subject matter experts
Decisive actions are taken based on resultant data

Hero Product and Norm Of Stock Alert

Identification of products which have a higher rate of sale based on the available metrics
Replenishment report at an item level to increase efficiency across all point of sale

Integration

Sync of data across all the point of sale and distributions centres to the control tower

Stock Dispatch Actions

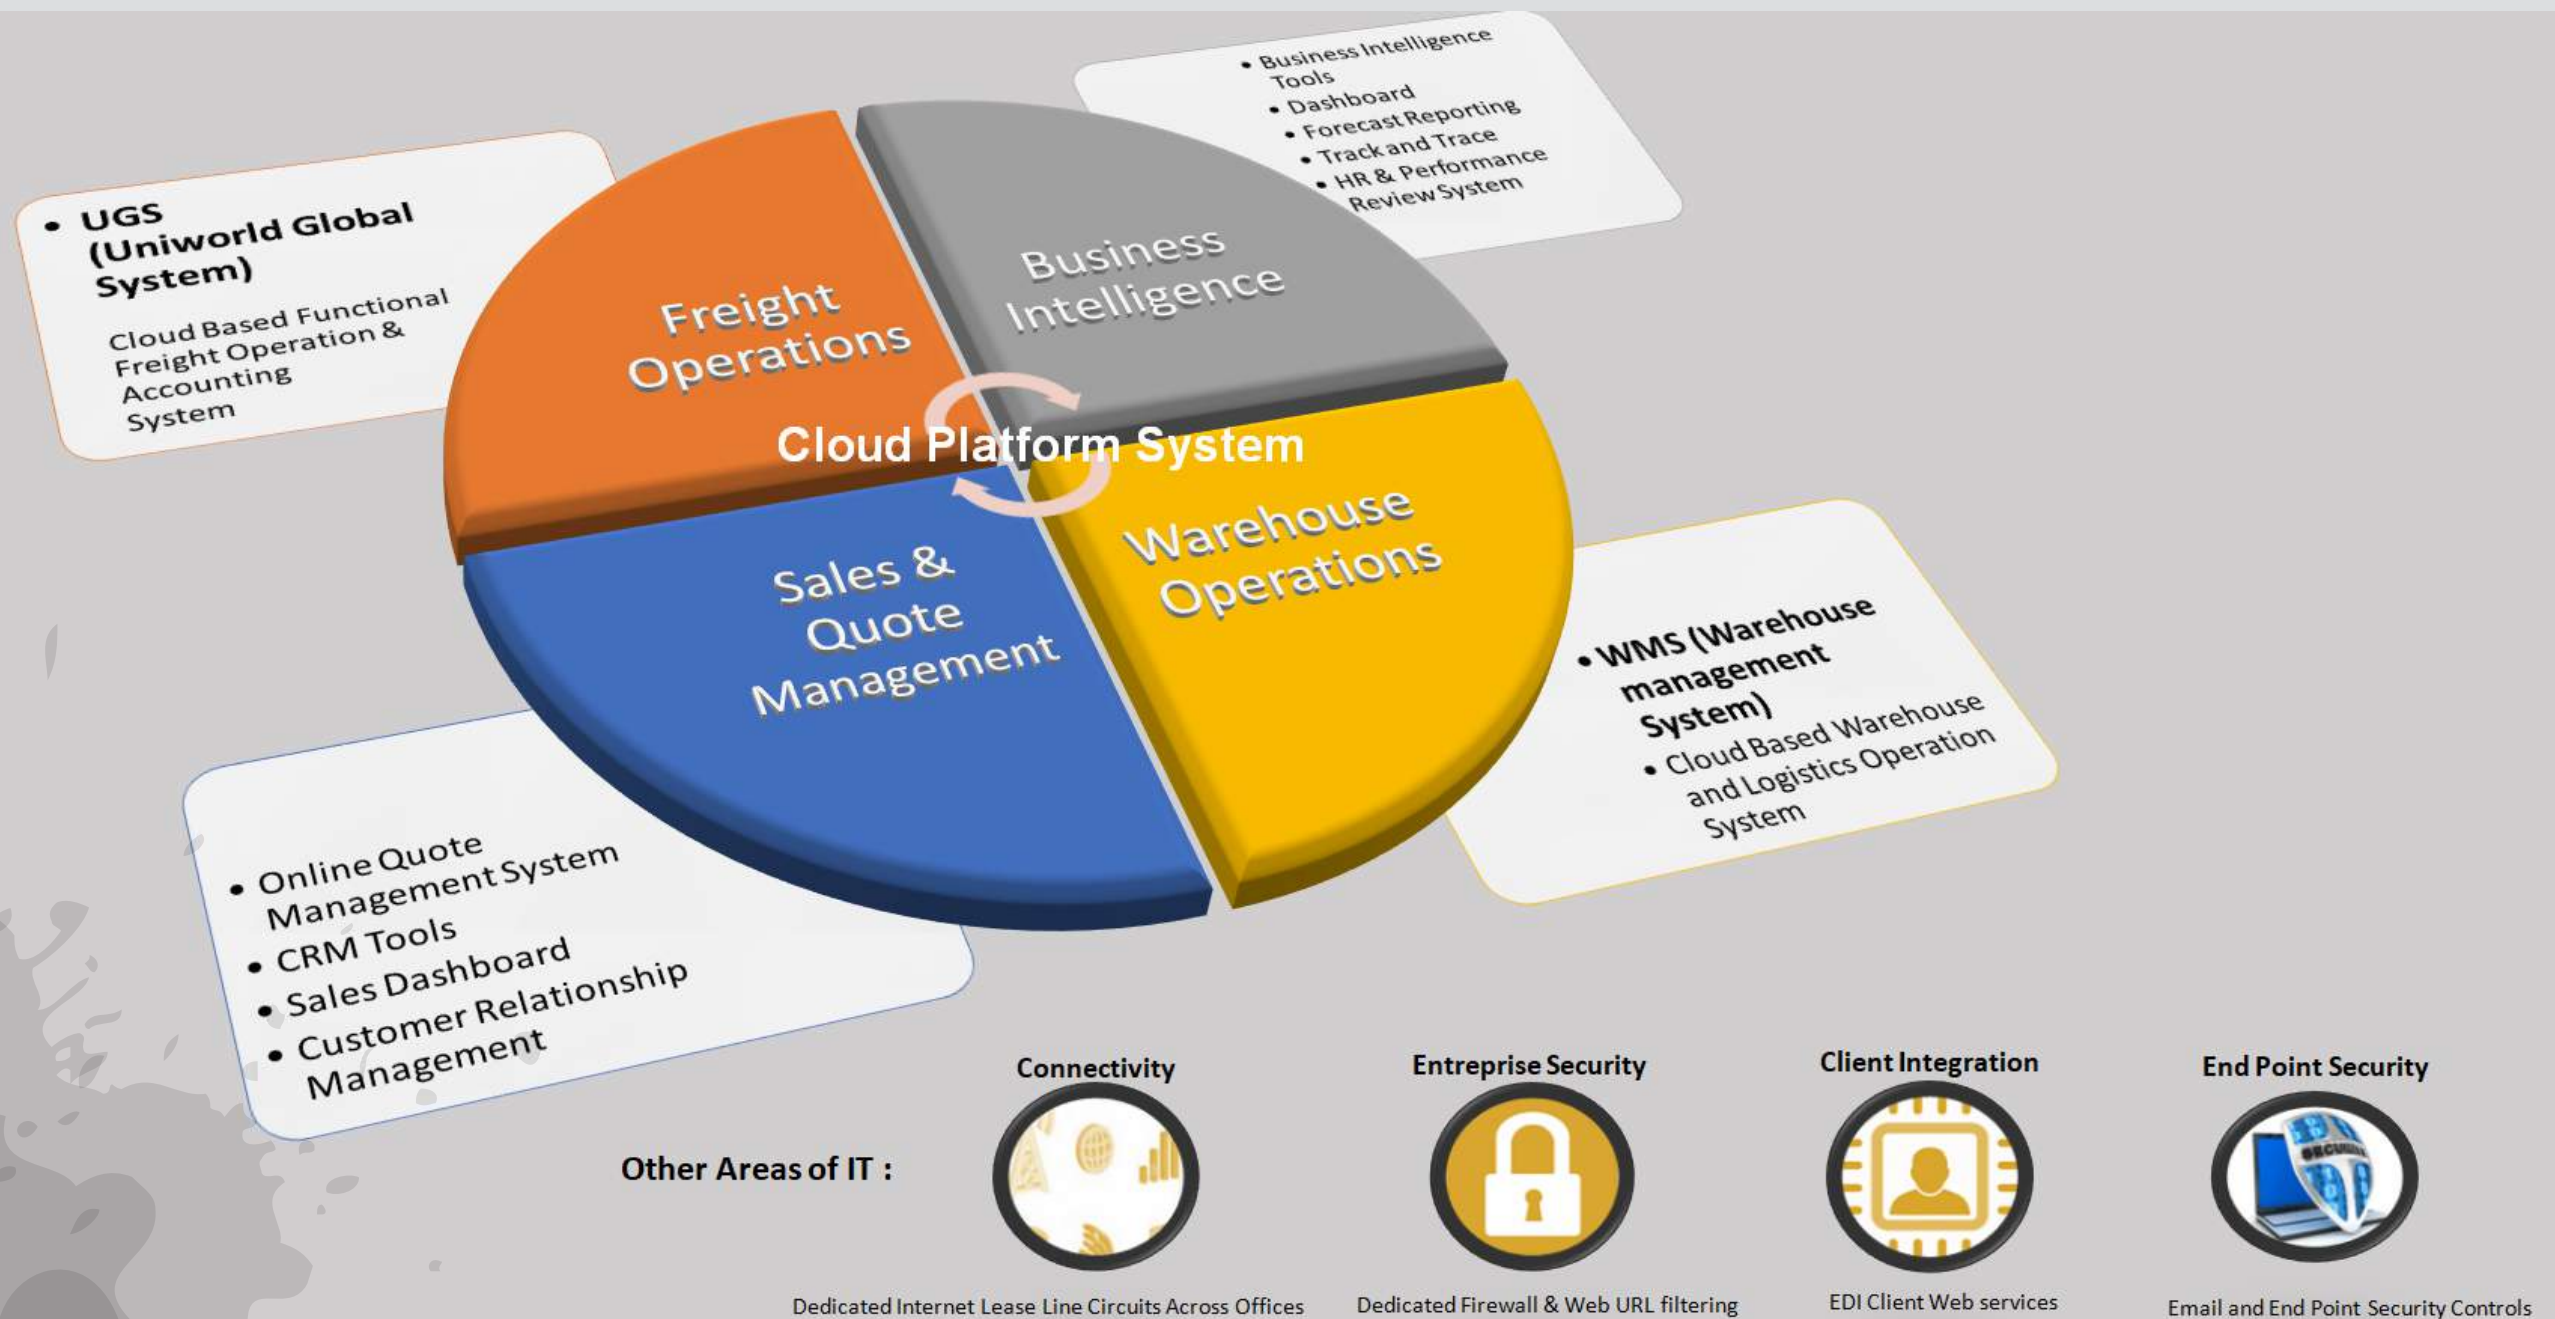

Co-Ordination with the stores and dispatch of stock to the various stores based on data provided by control tower
Reverse Logistics from various stores depending on shelf life parameters

Return Management

Returns to extract much value as possible by following standard sop's
Return to Vendor
Return to Distributor
Refurbish and Re-Package
Stock Rotation

Uniworld Logistics Receives The National Award For Supply Chain And Logistics Excellence (December, 2017)

Uniworld Logistics Pvt Ltd, One of India's leading logistic service

providers having operations across India, Singapore, Malaysia , China,

Vietnam, Taiwan and Hong Kong, has been conferred with the CII Supply

Chain and Logistics Excellence (SCALE) Awards 2017 in the freight forwarding category.

The CII SCALE awards was instituted to support, recognise and acknowledge companies that have succeeded by following the best supply chain practices.

Employee Engagement And Empowerment

Uniworld's high emphasis on employee engagement and empowerment through business, cultural and social activities has resulted in a highly active, motivated and engaged team which is completely aligned with the organisation's objectives. Some of the following examples of this is as follows,

Team choosing their targets by themselves which is always higher than the top management's expectations.

Team highly punctual and proactive in providing reports, feedbacks and ideas.

A powerful team with each individual highly charged and committed to organisational goals.

Extremely low attrition rate, average tenure of 8 years across the organisation.

Corporate Social Responsibilities

29

- Organised a blood donation drive in Mumbai
- Contributed to the welfare and empowerment of women in Rural India
- Supplied educational books , stationeries and food for children in rural areas
- Educational Scholarships awarded every year for a selected number of Children/Individuals between the age of 5-21 years.
